

RAMON MURGUIA
2500 Strong Avenue
Kansas City, Kansas 66106

October 26, 2016

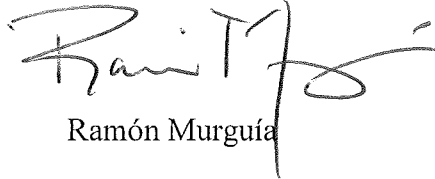

Dear USD 500 Board of Education,

I enthusiastically endorse the proposed bond issue for \$235 Million to improve all of the public schools in Kansas City, Kansas. As a graduate of J. C. Harmon High School, Argentine Middle School and Emerson Elementary, and as the parent of two USD 500 students, I know that our schools are moving strongly into the future. This bond initiative will make funding available to address improvements and maintenance that our facilities really need.

I applaud the School Board's efforts to provide the best facilities for our students. A community is only as good as its schools and we must address the age of many of our buildings in the district.

Thank you for your leadership and your efforts on behalf of all of our kids.

Yours truly,

A handwritten signature in black ink, appearing to read "Ramon Murguia", with a stylized flourish at the end.
