EXPLANATION:

Background

Sealed bids were received in the Purchasing Department Office on June 8, 2016. The solicitation called for the construction of a new bus shelter at the Transportation Department's North facility, to house the Library's 3 bookmobiles, with sufficient room for a 4th (if necessary). Bids were advertised in the District's approved publication, and on the District's website. Bids were received from The Weitz Company, KES Construction, RL Phillips Construction and Genesis Environmental Solutions. A bid tabulation and bid recommendation of Archimages are also attached.

Why this is important.

Construction of a bus shelter for the Library's bookmobiles will ensure that these specialty vehicles are adequately protected from the elements, which will extend service life and help safeguard the Library's investment.

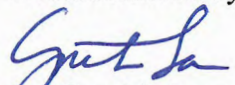

Strategic Priority

This improvement of District facilities addresses the priority of being good stewards of resources with financial accountability.

What Action is the Board Being Asked to Consider?

It is requested the Board approve the low bid recommendation from Genesis Environmental Solutions, meeting the requirements of the written bid.
