

# Short Term Suspension Program Kansas City, KS Public Schools

## Parent Information

You have agreed to participate with your child in the Short Term Suspension Program as an alternative to Suspension.

- Your child shall be required to attend a 10-day, out of classroom, social skills program at his/her school.
- Your child may be required to complete classroom work or assignments as part of his/her participation in the program. Please refer to either the contract you signed or your child's specific school administration to obtain the academic expectations. **Please know that your child will not receive direct academic instruction during their participation in the alternative program, making it more important for him/her to follow through with the academic component outlined by the school.**
- As a parent(s) you shall be required to attend with your child a **one time mandatory** evening program at the Education Center – Indian Springs Mall 4601 State Avenue, Monday 6 – 8:30 p.m.
- Families are asked to enter the building through the **Northeast (back) side** of the mall, where the blue awning is located.
- Due to limitations on space, it is necessary to limit attendance for the evening sessions to the referred student and up to two adults. Please make arrangements for younger brothers and sisters.
