

DIPLOMA+ DIGEST

A MESSAGE FROM DR. ERVIN:

Kudos to our Lead CCCs and College Advisers for hosting our first Virtual College Fair!!! We had over 600 high school students register and attend!). Our department is working hard to ensure that we can eliminate barriers and provide opportunities to ensure that students are able to plan their path for life after high school. We need your help in ensuring students take advantage of these experiences. Our middle school students are off to a great start in Naviance learning about their interests and other college and career readiness topics. Lastly, we are gearing up to support senior students and families in completing the FAFSA application. The Free Application for Federal Student Aid or FAFSA is a large step for students gearing up for college. The FAFSA provides money for college so please be on the look out for more information regarding sessions to learn more about the FAFSA and sessions that will provide support with completing the application.

~Dr. LaShonda Bilbo-Ervin Director of Diploma+

ELEMENTARY UPDATE

Jump on Board----the Connector is taking off! The video library is full of recorded chats with industry professionals. Ever wonder; why female great white sharks are larger than males? Or how do robots come to life? The answers can all be found in easy to access recorded chats on the Connector. Teachers you can even request a session on a specific topic you have coming up in your curriculum! Click the icon below to find out more.
