Page 1 footnotes:

(a) Weighted FTE enrollment is computed by taking the total clock hours of bilingual students who are enrolled and attending in an approved bilingual class on 9-20-2018 and dividing by 6 (cannot exceed 6 hours for an individual student). Total clock hours 23,431.0 ÷ 6 x 0.395 = 1542.5408 (Record on Line 5)

(b) FTE is computed by taking the total headcount of bilingual students who are enrolled and attending in an approved bilingual class on 9-20-2018 and multiplying by factor of 0.185. Total headcount 8,316 x 0.185 = 1538.4600 (Record on Line 5)

(c) FTE is computed by taking the total clock hours of career and technical education students who are enrolled and attending in an approved vocational class on 9-20-2018 and dividing by 6 (cannot exceed 6 hours for an individual student). Total clock hours 6,244.1 ÷ 6 = 1040.6833 (Record on Line 6)

(d) In order to access new facilities weighting, a USD must have adopted at least a 25% LOB. Only eligible to schools that passed a bond election prior to July 1, 2015 and bond money was used for construction of new facilities or new schools that were built primarily with federal funds on a military reservation located on USD 207 and USD 475.

(e) Four year old at risk students are counted as .5 FTE. USD must be approved by the Kansas State Department of Education.

(f) Comes from form 118 (line 20).

NOTE: If September 20 falls on a weekend, the following Monday will be the official count date.)
ADDITIONAL DEFINITION FOR SCHOOL FACILITIES (Must use a minimum LOB listed below to qualify for this provision.)

e) School Facilities Definition - School facilities weighting is available for school districts whose adopted local option budget (LOB) is at least 25% for 2014-15 and have constructed an entirely new facility or an addition to an existing facility. Only eligible to schools that had a bond election prior to July 1, 2015 and bond money was used for construction of new facilities or new schools that were built primarily with federal funds on a military reservation located on USD 207 or USD 475.

The determination of weighting will be based upon the number of full-time equivalent (FTE) students that are enrolled and attending in the new facility September 20 (and February 20 for districts qualifying under K.S.A. 72-5139).

In the case of school districts that have constructed an addition to existing facilities, the number of students that are enrolled and attending in the new classroom facility will be counted on a full-time equivalent basis (see example 2.) The additional weighting for this provision of the law is applicable for two years only. For a new facility, the FTE is for the entire building (see example 1). For additions to an existing facility, the following calculating would be utilized.

Example #1: (For new buildings.)
For a totally new constructed building, the FTE equals the total enrollment FTE for that building.

<td>87</td>
</tr>
<tr>
<td>Grade 2</td>

<tr>

<td>75</td>
</tr>
</tbody>
</table>

Weighting for example:

\[281.5 \times 0.25 = 70.4 \times 4165 = 293,216\]

Example #2: (For new additions)
Total number of students in each new classroom / Number of class periods (divide by) = Full-time equivalent enrollment

Example:
New classroom A = 105 students for the day
New classroom B = 154 students for the day
New classroom C = 133 students for the day
New classroom D = 121 students for the day
TOTAL = 513

\[
\text{divide by } 7 \text{ class periods} = 73.3 \text{ FTE}
\]

Weighting for above example: 73.3 \times 0.25 = 18.3 \times 4165 = 76,220

Qualifying for New Facilities Weighting
In order to qualify for new facilities weighting, a district must have adopted at least a 25% local option budget. Only eligible to schools that had a bond election prior to July 1, 2015 and bond money was used for construction of new facilities or new schools that were built primarily with federal funds on a military reservation located on USD 207 and USD 475.

Qualifying for the 3yr Average (Goes to Table IV)
1. Did the district receive Federal Impact Aid? = NO
2. Did the district have a military dependent student enrolled during the 2017-18 school year? = YES
3. Did the district decline in enrollment for 2017-18 school year compared to the 2016-17 school year? = NO

Qualifying for Military Provision for 2/20 weightings
Is the 2/20/19 Est. FTE Enrollment >=25 or 1% of the 9/20/18 Est. FTE Enrollment = NO
