The Vendor must complete all information concerning warranties, delivery dates, etc., where requested, all "checklists" must be completed and submitted with the bid if required in the specifications.

On pages in which there are both items being quoted and items for which a price quotation is not being offered, the Vendor shall indicate "No Bid" on the "Total Price" line for all items not being offered for bid.

Prices must be stated in units specified hereon; i.e., in the units of measure indicated (per each, or a dozen, case, etc.). **"BOE"** shall not be responsible for pricing which does not conform to the unit of measure indicated, and likewise **"BOE"** has no authority to amend a unit price once submitted even if the error is obvious. Pricing must be stated in U.S. dollars and cents and shall be offered in a known amount; i.e., a bid which simply states "My bid is **\$1.00** lower than the lowest bid received" shall not constitute a legal bid proposal.

SUBMISSION OF BID PROPOSALS

Bids, once completed, should be placed in an opaque envelope with a label attached to the outside of the envelope, with the Vendor name and bid number as they appear on the proposal form written on the label, in order that the bid may be accurately registered upon receipt. A responsible official who is a legal representative of the Vendor must sign the attached proposal form, in order for the bid to be valid and acceptable. A bid which is not signed is not binding on the part of the Vendor and therefore does not constitute an informality which may be waived by "BOE". Should a return label not be included with the bid document, address the outside of the envelope as follows:

IF MAILED OR DELIVERED

Kansas City Kansas Public Schools/USD #500

Director of Purchasing

2010 N 59TH ST, Room 370

Kansas City, KS 66104

If the **District's Central Office** is closed for any reason, including but not limited to inclement weather, an emergency situation or any other act of nature, which closure prevents the opening of bids at the previously advertised date and time, all bids received shall be publicly opened and read aloud on the next workday that the **District's Central Office** shall be open for business at the previously advertised time. The new date and time of bid opening, as determined in accordance with this paragraph, shall not be advertised, and all Vendors, upon submission of a bid proposal, shall be deemed to have knowledge of and shall have agreed to the provisions of this paragraph. In such event, bids shall be received by the **School District** until the new date and time of the bid opening as set forth herein. "BOE" shall not be held responsible for the receipt of any bids the delivery of which was attempted and failed due to the closure of the **Central Office**. Each Vendor shall be required to ensure the delivery and receipt of its bid by "BOE'S" **Central Office** prior to the date and time of bid opening.

MODIFICATION AND WITHDRAWAL OF BIDS AND LATE BIDS

Bid proposals should be verified before submission for accuracy and correctness since **"BOE"** shall not be responsible for any errors for which the Vendor is responsible. Bids may be modified or withdrawn by written notice or in person from the Vendor if received in the **Central Office** prior to the time set forth in the Bid Opening Schedule; no telephone oral withdrawals shall be accepted. Notations written by the vendor on the outside of the bid envelope stating that an amount is to be "added" or "deducted" from the pricing structure submitted on the bid document sealed inside the envelope shall not be deemed permissible; all such notations shall be ignored relative to pricing submitted by the vendor. The pricing submitted on the form(s) provided by **"BOE"** shall be deemed to constitute the legal pricing offered by the vendor and it is that pricing which shall prevail and for which the vendor shall be accountable.

No bids may be accepted, modified or withdrawn which are received in the **Central Office**, after the time set for the opening of bids. ***NO EXCEPTIONS!*** - Any and all bids received after the bid opening time and date indicated on the Bid Opening Schedule shall be refused and marked "Late Bid" and returned to the Vendor, unopened. No formal bid proposals may be "faxed" or "emailed" and no modifications may be made to any bid proposal once received by **"BOE"**; all changes shall be made prior to the bid opening on the document submitted to **"BOE"**.

ACCEPTANCE AND AWARD OF BID PROPOSAL

The Vendor's bid proposal, once submitted and accepted as a valid bid by "BOE", shall be deemed by both parties to constitute a legal and binding offer on the part of the Vendor to sell to "BOE" as per the terms of the bid specifications, all products and/or services contained therein. Bid proposals are subject to acceptance by "BOE" at any time within thirty (30) days following the bid opening date. Consequently, all price quotations shall be effective for a minimum of thirty (30) days and a maximum period as indicated in the specifications. All bids must be valid for the effective dates stated in the specification, if applicable.

Award of contract shall be made to the lowest responsible Vendor whose bid, conforming to the specifications, is deemed to be the most advantageous to "BOE", price and all other factors considered. The Vendor acknowledges the right of "BOE" to reject the bid, in part or in total, if the Vendor fails to submit the data required in the specifications, or if the bid is in any way incomplete or irregular. Under no circumstances may a Vendor deliver, install, or perform any service as specified in these specifications without written authorization from "BOE" (i.e., a duly issued purchase order or a signed contract). All formal bid proposals shall be approved by the **Board of Education** prior to the award of the bid.

The Vendor shall be issued a purchase order document, which shall be deemed acceptance of the bid proposal offer made by the Vendor, for all items and/or services approved by the **Board of Education USD500** and awarded as a result of this bid. However if in the opinion of "BOE" a contract document is required to authorize the award of the bid, Vendor agrees to sign and execute all such contract documents as required in the written specifications.

NOTE: If Vendor policy requires that "BOE" sign Vendor contract documents, a sample of all such documents shall be included with the bid proposal and shall become a part of the Vendor's bid proposal.

NO RESPONSE TO BID QUOTATION

For the Board's information, please indicate on a sheet of your company's letterhead, the reason(s) why your company is not submitting a bid proposal in response to these specifications at this time. It shall be the responsibility of the Vendor to notify "BOE" in writing if the Vendor relocates or if there is a change of address.

REJECTION OF BID PROPOSALS

"BOE" reserves the exclusive right to reject the bid of any Vendor in part or total for reasons deemed appropriate, such as a documented past experience(s) in which the Vendor failed to perform according to stated specifications once awarded the bid, suspicious financial responsibility of the Vendor, instances in which Vendor offered references were checked with resulting negative connotations, etc. "BOE" reserves the right to accept the "**lowest responsible**" bid, which in their judgment, assures "BOE" the product(s) or service(s) having the best performance and the highest level of function, quality, and value. Any Vendor which does not indicate on the "Quoting On" line for each item on which a quotation is submitted, exactly what is being offered, may expect that item to be rejected, due to the fact that what is being offered cannot be clearly identified and compared to what is specified.

APPROVAL EQUAL

It is the intent of this document to clearly define "*open*" and competitive product or service bid specifications. All items on this bid are to be as specified or "BOE" approved equal; "BOE" shall reserve the exclusive right to determine products and or services which are approved as equal to those specified herein. Reference in these specifications to and the use of the name and model number of any article, product, material or item of furniture and equipment by proprietary name, manufacturer or manufacturer's model or catalog number in describing an item, is intended to establish a standard of type, quality and design, and is therefore not intended to limit competition. Vendors may submit bid proposals for products which are of a different manufacturer and model number from that which is specified, provided the herein procedure is adhered to exactly. However, Vendors are encouraged to offer products of those manufacturers and model numbers specified, if at all possible.

For any item(s) which is proposed, which is other than as specified (brand name and number), it is the responsibility of the Vendor to submit, with the bid proposal, a manufacturer's published detailed cut sheets and description, catalog, or another descriptive document, explaining in detail, exactly what is being proposed. Likewise, any supporting literature for any item(s) proposed which is other than as specified (manufacturer and model number), shall be clearly labeled as to the Vendor's Name, the Item Number as appears in the specifications and the Item Name. It shall be the responsibility of the Vendor to ensure that a detailed, technical description is provided for all items which shall allow for an accurate comparison to the item specified. All such support documentation shall be submitted with the bid proposal.

The bidder agrees to furnish all labor, tools, and equipment required to perform a service contract for maintenance, repair and new installation for the period between **March 1, 2019**, and **February 29, 2020**, for the first year of a potential five (5) year multi-year contract.
